### Proportional Giving Chart

Every pledge makes a difference and every amount matters. Determining the right amount is between you and God. If your projected 2021 income will be the same or more, we ask that you consider increasing your pledge by a percentage or two with the ultimate goal of tithing (10%). If your circumstances are less predictable, please do not let uncertainty prevent you from making a pledge. Your pledge is a plan to give of your God given gifts and not an obligation. The church respects that circumstances can change.
