

Proposed Bylaw Amendment

At its September meeting, the Church Council approved the ELCA recommended Continuing Resolution for Remote Congregational Meetings: “This congregation may hold meetings by remote communication, including electronically and by telephone conference, as long as there is an opportunity for simultaneous aural communication. To the extent permitted by state law, notice of all meetings may be provided electronically.” The Council recommends it to the congregation as a bylaw amendment:

S1.09 This congregation may hold meetings by remote communication, including electronically and by telephone conference, as long as there is an opportunity for simultaneous aural communication. To the extent permitted by state law, notice of all meetings may be provided electronically.
